

NOW IS THE TIME.

Get Strength and Health With Paine's Celery Compound.

Take Paine's celery compound. It is the remedy that makes people well.

First prescribed by the greatest physician this country has seen, it has been used and prescribed and recommended by physicians of every school everywhere.

As a spring remedy it carries health and strength and renewed energy wherever it goes.

Food for the muscles is not food for the nerves or brain. But Paine's celery compound furnishes the very elements that rebuild worn-out nerve tissues. It feeds brain, nerve centers and nerves, calming and equalizing their action. It makes rich, honest blood.

Within a very few days after Paine's celery compound is regularly taken there will be a marked improvement in the general health, strength will become more enduring, the frame plumper, the spirits better, and the breath sweeter—all declaring in the plainest terms a healthier action of nerves and blood.

Hundreds of men and women with that "run-down" feeling written all over their faces, unable to work, without courage, have recovered health, heart, and ambition through this remarkable remedy for the blood and nerves. It purifies the blood. It enriches the blood. It gener-

ally stirs liver and kidneys and the other organs destined to keep sweet and clean the vital machinery.

A clear, sound mind in a sturdy, healthy body, a bright eye, an elastic step, a clear skin, come without fail when Paine's celery compound is given a trial with merely reasonable care and regularity.

Says Mr. Dudley B. Stratton, one of Worcester's best citizens, the prosperous proprietor of the Lincoln Square dining rooms, in a recent letter:

"About six months ago I had a severe attack of eczema. No pen can describe my sufferings. I doctored and used all the cures I could hear of, but it was still in my system."

"Hearing that Mr. William H. Robinson, with the Jewelry firm of Nelson H. Davis, 351 Main St., had been cured of eczema by using Paine's celery compound, I called on that gentleman, and as a result started to take this wonderful remedy. What Mr. Robinson told me has been proven to be true, and I take this opportunity to express my gratitude. I will gladly answer any one who may wish to inquire further in regard to the medicine."

Paine's celery compound is the greatest blood and nerve remedy that medical science has yet attained. It makes people well.

THEY SHELVED OVERMYER

The Woman Suffragists Wouldn't Go Across the Street to Hear Him.

The Topeka Equal Suffrage association met in regular session yesterday afternoon at Music hall, and only important business was transacted. The meeting was opened with the reading of the scripture by the president, Dr. Eva Harding. The reports of committees were read. The committee appointed to secure a hall for the two mass meetings to be held here on May 9 and 10 reported that Hamilton hall could be secured for the two days and evenings for \$40, Grand opera house for \$100, Crawford's opera house for \$60.50, and Representative hall free of charge, but that it would take at least \$25 for the rent of chairs and \$7 for a piano. After quite a discussion, Hamilton hall was chosen.

The committee appointed to go to the Ministerial union and ask for one sermon on equal suffrage reported that the committee had been treated very courteously, but that they had been unable to secure a promise from the union.

The president read a letter from Mrs. Laura M. Johns, in which she said that she had a new scheme for the coming meeting.

She proposed to challenge David Overmyer to meet Rev. Annie H. Shaw in public debate at the mass meeting.

Mr. Wardall said: "As far as going to the meeting to hear David Overmyer speak, why I wouldn't give a cent to hear him."

Mrs. L. O. Case said: "I wouldn't go across the street to hear David Overmyer speak."

It was finally decided to carry out the programme already made, so that it will be just as the call announced.

A committee was appointed to make arrangements to entertain the delegates to the convention, and another committee to see about raising money to defray the expenses of the convention.

The meeting adjourned to meet on April 19.

BOX CAR THIEVES

Believed to Have Robbed a Freight Train While Crossing the River.

Officers Owens and Arterbridge arrested four men this morning about 1 o'clock on suspicion of having stolen a box of clothing from a freight car.

Their names are Charles Anderson, James Harrington, Samuel Levy and J. C. Ury, all residents of Topeka. The police made a search of Ury's premises and found twenty-four pairs of overalls.

Continuing the search, they saw a box floating in the river below the Rock Island bridge. Hugo Felitz, who resides on the river bank below the bridge, went out in a boat and brought it to the shore.

The overalls, it is believed, had been taken from this box. It is supposed that the goods were stolen from a box car on the Rock Island, and that the box was thrown out of the car as the train crossed the bridge.

J. C. Ury is the man who was fined \$100 for selling liquor last summer and was released because he claimed he was sick. The men will be turned over to the county authorities.

The box that is supposed to have held the overalls was taken to the police station and will be used as evidence against the men.

HER BOY HAS RUN AWAY.

Mrs. Tillie Schulz in Trouble Over Her Son's Absence.

Mrs. Tillie Schulz is a German woman who lives on Liberty street, and she went before the county attorney today to try and get that officer to capture her truant boy, little Alexander Schulz, who is incorrigible. The trouble of the youthful Alexander at home and at the school makes a long and complicated story which Mrs. Schulz will hear. Fatherland accent was only partially able to explain.

"Dot poy," she said, "do noddings but play hookeys and knock der stuffings out mit odder poyas." She explained that Alexander was arrested for fighting with another boy. He was discharged by reason of his age, which is only 13, and after that he played truant from school.

Then he was afraid to go home for fear he would be punished. He ran away to Lawrence, but has returned. His mother has watched for him day and night without the desired result. She says if he will only return and be forgiven.

The county attorney said there was nothing he could do to help her regain her son.

Only a Fanatic.

T. W. Campbell of Jefferson county has been released from the state insane asylum after having been confined there since last August. Campbell was found to be a religious fanatic by the court before which he was examined, but since he has been in the asylum the officers have been unable to detect any signs of lunacy in his deportment.
